

## ADELAIDE CLIPSAL 500

### TOP 10 FINISH

All involved with the Kanga Loaders Racing 2006 campaign for the Fujitsu V8 Supercar Championship were adorned with broad smiles when the chequer flag fell on the 24 lap Race 2, Pither crossing the line in 9th place, which gave a 10th place for the weekend and, being the first round, the Championship.

Of his small but dedicated team, Partington enthused, "This result has been achieved through an outstanding effort by everyone in the team to put it all together and even to be here. I'm unbelievably proud of what we've achieved at our first race meeting as a team. I thank all the guys, Kanga Loaders, RYCO Hose (new sponsors), and to all of our other sponsors for their support.

Pither succinctly summed up the weekend: "I achieved our goal – to finish both races and end up in the Top 10".

Race 2 Results: 1 Macrow, 2 Caruso, 3 Porter, 4 Pretty, 5 Wakefield, 6 Price, 7 Evangelou, 8 Scott, 9 Pither, 10 Perkins.

RYCO Hose Racing finishes 10th
